Sam background

Our success is well documented with our senior management enjoying a long-standing association with the automotive industry. We've established ourselves as a significant force in the fleet accident management sector, quickly forging important links with insurers, brokers, fleets, corporate liability Solicitors and repairers.

Providing fully integrated and bespoke

solutions our over riding aim is to reduce motor claims costs for our clients and or their clients. Whether that's managing claims our clients need to make, or managing claims costs against our client through our third party intervention schemes, we reduce claims costs. At Sam, we pride ourselves on being able to offer bespoke solutions that are tailored to meet the needs of all our partners.

What we do:

- Provide accident reporting helpline: 24/7 365 days a year
- Provide full First Notification Of Loss (FNOL) Services: At fault and non fault
- National Repair Management: Utilising our national network of repairers which conform to our agreed repair rates. 130 car and van repairers, 55 heavy commercial repairers in mainland UK, Northern and Southern Ireland and the Isle of Wight
- Provide Replacement Vehicles: Keep fleets moving in the most cost effective manner whether that's through the supply a like for like car or van or a standard courtesy car or van
- Total Loss Salvage Services: Ensure best price for salvage
- Engineering Services: Ensure effective repair cost management
- Third Party Capture: Reduce and manage claims costs against our client, prevent Third Party's falling into expensive and unmanaged credit repair and hire scenario, while also protecting and often enhancing our client's reputation
- Vehicle Recovery: Utilising our network of 1500 recovery vehicles we'll be with your stranded driver within 1 hour of notification
- Credit Hire and Credit Repair: Where possible and required

Who we do it for:

- Solicitors: Corporate liability claims specialists
- Insurance Brokers: We can provide a white labelled service enhancing the offering to the broker's clients while reducing the clients motor claims costs
- Fleets: Large and small, cars, vans, light commercials and heavy commercials
- Fleet Management Companies: Large and small who have a desire to supply an additional service to their clients
- Contract Hire and Leasing Specialist: White label service

Our client's benefits:

- Reduce fleet down time/Increase fleet productivity
- Reduce administrative and cost burden associated with accident management
- Reduce Insurance claims cost
- Positively effect future insurance premiums
- Replacement vehicles keeps fleets working
- Receive accurate timely reporting
- Provide additional cost free services for our clients to give to their clients
- Enhances our clients reputations by managing what can be a time consuming and costly process in a timely and cost saving manner
